We strive to offer gluten-free menu options, but do not have gluten-free kitchens. Individual foods may come into contact with one another due to shared cooking and preparation areas. Thus, we cannot guarantee that cross-contact with foods containing gluten will not occur; however, we take every step possible to prevent this.

These items can be prepared raw or undercooked. Consuming raw or undercooked meats, poultry, seafood, shellfish or eggs may increase your risk of foodborne illness, especially if you have a medical condition.
